Vortrag 2:

Titel:

ERP System Reimagined – Digitalization in the Paint and Coatings Industry with cargoconnect®

Fachliche Themeneinordnung:

DIENSTLEISTUNGEN

Name des Referenten:

Herr Sven Vogel

Inhalt:

Delayed raw materials, disrupted production schedules, and frustrated customers waiting for their finished goods: such challenges can derail even well-established processes and create significant operational hurdles.

In an era of fragile supply chains, shrinking margins, and intense time pressures, an efficient and integrated supply chain management is more critical than ever.

With cargoconnect®, discover a proven, field-tested software solution to optimize your end-to-end operations - ensuring reliability, transparency, and efficiency across your supply chain.
