

Abstract ECS 2023 Product Presentation

Christine Breiner, New Business Development Specialty Methacrylates,
Business Line Oil Additives, Evonik Operations GmbH

Beyond Biobased - Creating possibilities for a sustainable world with the VISIOMER® specialty methacrylates ToolBox

Formulators and customers demand uncompromising products with reduced carbon footprints, lower global warming potential, and improved safety profiles. VISIOMER® specialty methacrylate monomers from Evonik offer outstanding performance from an established partner you can trust. Applications in coatings, adhesives, composites, construction, and more already benefit from sustainable VISIOMER® specialty methacrylates.
